## CR-05 - Goals and Outcomes

### Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This 2015-2016 Consolidated Annual Performance and Evaluation Report (CAPER) is the City of Corona's report to the U.S. Department of Housing and Urban Development (HUD) describing the use of federal Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) funds during the first program year of the 2015-2019 Consolidated Plan period, covering July 1, 2015 to June 30, 2016.

The City receives CDBG and HOME funds from HUD on a formula basis each year, and in turn, implements housing, community and economic development projects and also awards public service capacity building grants to nonprofit organizations for projects in furtherance of the adopted Consolidated Plan. The CDBG and HOME programs generally provide for a wide range of eligible activities for the benefit of Corona residents.

For the 2015-2016 program year, the City received \$1,114,379 of CDBG funds and \$274,942 of HOME funds from HUD, which were combined in the Action Plan with \$156,538 of prior year unspent CDBG funds for a total investment of \$1,545,859. This investment of CDBG and HOME funds was a catalyst for positive change in the community. Together with other federal, state and local investments, HUD resources allowed the City and its community partners to:

- Provide Homeowner Housing rehabilitation to 18 residents
- Provide fair housing services to 1,468 residents
- Provide homelessness prevention and assistance services to 73 residents
- Provide Code Compliance inspections of 301 housing units
- Provide Graffiti Removal services in the CDBG Target Areas
- Provide Crime Prevention and Community Outreach/ Engagement services in the CDBG Target Areas
- Complete the installation of ramps and sidewalk improvements to benefit approximately 3,640 residents
- Initiate the installation of park cameras at six neighborhood parks in the CDBG Target Areas
- Provide services for 140 residents with special needs
- Provide services for 183 low-and moderate-income residents
- Provide microenterprise business technical assistance services to 15 low- and moderate-income Corona entrepreneurs

Table 1 provides a summary of the five-year and one-year accomplishments for the period ending June 30, 2016, arranged by each of the Strategic Plan Goals included in the 2015-2019 Strategic Plan of the Consolidated Plan.

**Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

**Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

During the program year, the City and its housing and community development partners made progress on most 2015-2016 activities as well as some multi-year activities that continued during the program year. All CDBG and HOME funded activities addressed specific high priority objectives identified in the 2015-2019 Consolidated Plan. The majority of CDBG funds were allocated to public services activities and Neighborhood Services to benefit low- and moderate-income residents.

The City of Corona's CDBG Public Service Capacity Building Grant partners selected for the 2015-2016, 2016-2017 and 2017-2018 program years implemented programs that provide critical services to low- and moderate-income residents, residents with special needs and residents who may be facing homelessness. The Corona-Norco Family YMCA's Bringing the Arts to Low Income Children program promoted appropriate educational opportunities in the arts for children at several YMCA sites. The Corona-Norco United Way's General Education Diploma Training program provided 100 Corona residents with the educational support services necessary to obtain their General Education Diploma (GED), allowing residents to seek higher level job opportunities and to take on a more active and informed role in their children's education. The Peppermint Ridge Hospital Support for the Ridgers program provided advocacy and wellness support to Peppermint Ridge residents when they seek medical care offsite. The Corona-Norco United Way's Family Support Services program provided domestic violence counseling and support services to adults and children who have experienced domestic violence and child abuse. To prevent and eliminate homelessness, the Community Connect Emergency Rental Assistance Program provided Corona residents with resources for temporary rental assistance to avoid evictions that would lead to increased homelessness. The Inspire Life Skills Training program provided housing, living costs, training, mentoring and academic and life skills support to six former foster and at-risk homeless youth as they attend college or vocational school.

To address housing needs, the CDBG-funded Fair Housing Program served more people than was anticipated in the Action Plan, confirming that a high need exists for these services in the community. The CDBG and HOME-funded Residential Rehabilitation Program provided 18 loans to Corona homeowners to address critical home repair needs in an effort to preserve the supply of housing affordable to low- and moderate-income residents.

To address community development needs, three programs focused on neighborhood services in the CDBG Target Areas, including the Crime Prevention / Community Outreach and Engagement program, the Graffiti Removal Program and the Code Compliance Program. Each program promoted a suitable and sustainable living environment by taking steps to reduce crime, remove unsightly graffiti and promote housing quality standards in neighborhoods containing the oldest housing stock in the City. To address community development needs for infrastructure, the Public Works Department completed the 2015-2016 CDBG Sidewalk

Improvements project to replace damaged sections of sidewalks and to install accessible curb ramps on residential streets in low- and moderate-income neighborhoods. The 2015-2016 Park Lights Installation project will address critical public safety need in public parks serving low- and moderate-income neighborhoods. Equipment for this project was procured during the program year and will be installed during the 2016-2017 program year.

To address economic development needs, the Corona Business Assistance Program provided microenterprise business technical assistance to 15 low- and moderate-income Corona residents who are either starting a small business or expanding an existing small business with 5 or fewer employees.

### Narrative

Table 2 provides an aggregate of race and ethnicity data for persons and households served during the program year based on accomplishment data from CDBG and HOME activities reported in HUD's Integrated Disbursement and Information System (IDIS). Based on IDIS programming for the CAPER template in the eConPlanning Suite, not all racial / ethnic categories are represented. For more detailed demographic information by project or activity, refer to reports PR-03 and PR-23 in Appendix C.

Based on the information in Table 2, a diverse array of persons and households benefitted from CDBG and/or HOME funded housing, public facilities or public service projects during the program year.

CDBG	\$1,270,917	\$1,143,415.92
HOME	\$274,942	615,443.00

### Narrative

For the 2015-2016 program year, the City received \$1,114,379 of CDBG funds and \$274,942 of HOME funds from HUD, which were combined in the Action Plan with \$156,538 of prior years CDBG funds for a total investment of \$1,545,859. This investment of CDBG and HOME funds was a catalyst for positive change in the community. Together with other federal, state and local investments, HUD resources allowed the City and its partners to:

The federal, state, local and private resources available for the implementation of projects during the 2016-2017 program year are identified in Table 3. The CDBG resources include \$1,114,379 of CDBG formula grant funds and \$156,538 of unexpended CDBG funds from prior years for a total CDBG investment of \$1,279,017. The HOME resources include a total investment of \$274,942. A grand total of \$1,545,859 of CDBG and HOME funds were allocated to projects in the 2015-2016 Action Plan.

### Identify the geographic distribution and location of investments

**Table 4 – Identify the geographic distribution and location of investments**

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
CDBG Target Areas	58	58	Graffiti Removal, Crime Prevention, Code Compliance, 2015-16 Sidewalk, City Camera Project

### Narrative

For the 2015-2016 program year, the City will invest \$1,270,917 of CDBG funds and \$274,942 of HOME funds for a total of \$1,545,859 that will benefit low- and moderate-income people throughout the City. Of this amount, at least \$742,172 or 48 percent of all resources will be invested in projects that exclusively benefit the CDBG Target Area.

## **Leveraging**

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

All applicants for CDBG funds are strongly encouraged to leverage their CDBG request with other funding sources. This is a factor used when making funding recommendations to the City Council. The City supports applications by other entities for additional federal resources for proposed projects or programs as long as they are consistent with the City's policies, ordinances, and the Strategic Plan. Corona CDBG funds were leveraged by approximately \$1 million of other funds.

HUD requires HOME Participating Jurisdictions (PJs) to match 25 percent of their HOME annual allocation. For the 2015-2016 program year, the City of Corona's HOME Match is shown in Table 5.

**Table 5 – Fiscal Year Summary - HOME Match Report**

### Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

During 2015-2016, the City preserved and revitalized deteriorated owner-occupied housing by providing loans and grants to improve the City's aging single-family housing stock as part of the Residential Rehabilitation Program implemented by the Community Development Department and the Helping Hands program implemented by Habitat for Humanity of Riverside County. The Residential Rehabilitation Program offers loans to low-income homeowners who need financial assistance to meet critical home improvement needs. The Helping Hands Program provides minor home repairs to assist owners of mobile home units. Together, these programs completed 18 rehabilitation projects.

**Discuss how these outcomes will impact future annual action plans.**

In future annual action plans the City anticipates continuing to invest CDBG and HOME funds to address housing affordability for renters and home owners through the creation of new rental housing units and rehabilitation of existing owner-occupied housing units.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

**Narrative Information**

The 2015-2019 Consolidated Plan - Strategic Plan identified high priority affordable housing need to preserve the supply of affordable housing. To accomplish this goal, the City allocated CDBG and HOME funds to the Residential Rehabilitation Program and the Habitat for Humanity “A Brush with Kindness” programs. Together, these programs served 18 households including nine extremely-low income, four low-income and five moderate-income households.

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

To reach out to unsheltered homeless persons and assess their individual needs for the purpose of connecting them with available emergency shelter and transitional housing resources, the City of Corona Police Department created the Homeless Outreach and Psychological Evaluation (HOPE) Team in January 2015. The HOPE Team is comprised of two full-time Corona Police officers specially trained in solving homeless-related problems and knowledgeable about local and regional resources. The HOPE Team's goal is to go beyond the traditional response to homelessness by identifying problems, root causes and linking individual homeless people with agencies for help and housing. Through this investment in outreach, assessment and connection to appropriate resources, the City will significantly reduce the number of homeless occupying areas not meant for human habitation such as parks, alleys, canyons, commercial and industrial areas.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The City of Corona supports the efforts of the Riverside County Continuum of Care (CoC) and its member organizations that address homelessness. As described earlier, the City supports local nonprofit agencies that provide emergency rental assistance and housing counseling to low- and moderate-income residents to prevent homelessness.

### **Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

The Riverside County CoC Ten Year Plan to End Homelessness included a goal to establish countywide protocols and procedures to prevent people from being discharged from public and private institutions of care into homelessness that will help decrease the number of persons being discharged into homelessness by at least 10 percent annually. The CoC is seeking improve coordination among publicly and privately funded institutions of care and local service agencies in the County of Riverside in order to decrease the number of persons being discharged into homelessness annually.

With limited CDBG and HOME resources available, the City is investing CDBG public service

funds through the CDBG Public Service Capacity Building Grants made to Community Connect and Inspire Life Skills to prevent homelessness in Corona. Additionally, the City is investing over \$300,000 of general funds through the Police Department budget to provide two full-time dedicated HOPE Team officers that will connect unsheltered homeless individuals and families with emergency shelter, transitional housing and permanent housing opportunities, as well as other services to address special needs such as drug and alcohol rehabilitation and mental health services.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

During the 2015-2016 program year, the City's HOPE Team will connect chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth with available resources through the Riverside County CoC, which is comprised of a network of public, private, faith-based, for-profit, and non-profit service providers who utilize several federal, state and local resources to provide services for homeless people. The goal is to help unsheltered homeless people make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units.

The non-profit and faith-based community plays a key role in the current CoC system. Hundreds of agencies throughout the County provide programs ranging from feeding the homeless on the street to creating permanent supportive housing opportunities. These services are available to homeless families with children, and single men and women. The non-profit and faith-based community also serves special needs populations, such as victims of domestic violence, veterans, the disabled and youth.

To prevent individuals and families who were recently homeless from becoming homeless again and to prevent individuals and families who are at risk of homelessness from becoming homeless, the City will provide CDBG funds to the Community Connect Emergency Rental Assistance Program that will provide one-time emergency assistance to help keep low- and moderate-income individuals and families housed in the event that circumstances beyond their control make it infeasible to stay current on their rent.

## **CR-30 - Public Housing 91.220(h); 91.320(j)**

### **Actions taken to address the needs of public housing**

The Corona Housing Authority was formed in 1994 under State of California Housing Authority Law to actively improve existing neighborhoods and develop affordable housing opportunities using local, state, and federal resources. The Corona Housing Authority does not administer Section 8 and does not own HUD Public Housing; however, the City is within the service area of the Housing Authority of the County of Riverside (HACR).

The mission of HACR is “to transform and promote healthy, thriving communities, re-ignite hope and restore human dignity through the creation and preservation of high quality and innovative housing and community development programs which enhance the quality of life and revitalize neighborhoods to foster self-sufficiency.”

According to the PIH Information Center, the housing authority currently administers a portfolio of 79 mod-rehab units, 456 public housing units, 36 project-based vouchers and 8,364 housing choice vouchers including special purpose vouchers.

### **Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

HACR maintains active resident councils at all public housing developments and includes resident members on its Board of Directors. HACR constantly seeks feedback from residents on improvements and planning documents to ensure activities are meeting the needs of residents.

HACR maintains a home ownership program for current public housing tenants through its Homeownership Program. HACR also links its Homeownership Program with its Family Self-Sufficiency Program to help households save money for a down payment through an escrow account.

### **Actions taken to provide assistance to troubled PHAs**

Not applicable. HACR is designated as High Performing PHA.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

In the development of the 2013-2021 Housing Element, the City evaluated significant public policies affecting affordable housing development such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges and growth limitations. Based on this evaluation, the City determined that it has taken all necessary steps to ameliorate the negative effects of public policies that may have been a barrier to affordable housing. Moreover, the City is actively engaged with affordable housing developers concerning the siting of affordable housing and ensuring that the entitlement process runs smoothly from inception to completion.

A barrier to affordable housing is a public policy or nongovernmental condition that constrains the development or rehabilitation of affordable housing, such as land use controls, property taxes, state prevailing wage requirements, environmental protection, cost of land and availability of monetary resources. Barriers to affordable housing are distinguished from impediments to fair housing choice in the sense that barriers are lawful and impediments to fair housing choice are usually unlawful.

The two primary barriers to affordable housing identified in the 2015-2019 consolidated plan include housing affordability and the lack of monetary resources necessary to develop and sustain affordable housing. The two barriers are related in the sense that demand for affordable housing exceeds the supply and insufficient resources are available to increase the supply of affordable housing to meet demand.

In the last five years, the elimination of local Redevelopment Agencies by the State of California resulted in the loss of a crucial resource for the development and preservation of affordable housing. This was the most significant public policy change impacting affordable housing and residential investment. While there are mechanisms whereby certain affordable housing assets tied to the former Redevelopment Agencies may be utilized today, these resources are finite and scarce.

In the implementation of the 2015-2016 Annual Action Plan, the City invested CDBG and HOME funds to preserve and maintain affordable housing through the City of Corona Residential Rehabilitation Program that provided up to 10 forgivable loans of approximately \$25,000 to low- and moderate-income owners of single-family housing, or up to \$25,000 grants to low- and moderate-income owners of manufactured housing units. Additionally, the Habitat for Humanity A Brush with Kindness program provided minor exterior home repairs to eight owner-occupied single-family or manufactured housing units.

**Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

The primary obstacles to meeting the underserved needs of low- and moderate-income people include lack of funding from federal, state and other local sources, the high cost of housing that is not affordable to low-income people and the lack of availability of home improvement financing in the private lending industry. To address these obstacles, the City is investing CDBG and HOME funds through the 2015-2016 Action Plan in projects that provide loans to low- and moderate-income homeowners for home improvements, projects that provide public and neighborhood services to low- and moderate-income people and those with special needs, and projects that prevent homelessness. To address underserved needs, the City is allocating 100 percent of its non-administrative CDBG and HOME investments for program year 2015-2016 to projects and activities that benefit low- and moderate-income people.

**Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

The Residential Lead Based Paint Hazard Reduction Act of 1992 (Title X) emphasizes prevention of childhood lead poisoning through housing-based approaches. To reduce lead-based paint hazards, the City of Corona Residential Rehabilitation Program will conduct lead-based paint testing and risk assessments for each property assisted that was built prior to January 1, 1978 and will incorporate safe work practices or abatement into the scope of work as required to reduce lead-based paint hazards in accordance with 24 CFR Part 35.

**Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

The implementation of CDBG and HOME activities meeting the goals established in the 2015-2019 Consolidated Plan - Strategic Plan and this Annual Action Plan will help to reduce the number of poverty-level families by:

- Supporting activities that expand the supply of housing that is affordable to low- and moderate-income households;
- Supporting activities that preserve the supply of decent housing that is affordable to low- and moderate-income households;
- Supporting a continuum of housing and public service programs to prevent and eliminate homelessness;
- Supporting housing preservation programs that assure low income households have a safe, decent and appropriate place to live;
- Supporting public services for low- and moderate-income residents including those with special needs and those at-risk of homelessness offered by nonprofit organizations receiving CDBG Public Service Capacity Building Grants; and
- Promoting economic opportunity for low- and moderate-income residents who own microenterprise businesses (five or fewer employees) or who are starting a new microenterprise business.

In addition to these local efforts, mainstream state and federal resources also contribute to reducing the number of individuals and families in poverty. Federal programs such as the Earned Income Tax Credit and Head Start provide pathways out of poverty for families who are ready to pursue employment and educational opportunities. Additionally in California, the primary programs that assist families in poverty are CalWORKS, CalFresh (formerly food stamps) and Medi-Cal. Together, these programs provide individuals and families with employment assistance, subsidy for food, medical care, childcare and cash payments to meet basic needs such as housing, nutrition and transportation. Other services are available to assist persons suffering from substance abuse, domestic violence and mental illness.

**Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

The institutional delivery system in Corona is high-functioning and collaborative—particularly the relationship between local government and the nonprofit sector comprised of a network of capable non-profit organizations that are delivering a full range of services to residents. Strong City departments anchor the administration of HUD grant programs and the housing, community and economic development activities that are implemented by the City. support and enhance this existing institutional structure, the City of Corona will collaborate with affordable housing developers and nonprofit agencies receiving CDBG and HOME funds through the 2015-2016 Annual Action Plan to ensure that the needs of low- and moderate-income residents are met as envisioned within the 2015-2019 Consolidated Plan - Strategic Plan.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

To enhance coordination between public and private housing and social service agencies, the City will continue consulting with and inviting the participation of a wide variety of agencies and organizations involved in the delivery of housing and supportive services to low- and moderate-income residents in Corona—particularly the CDBG Target Areas.

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

The 2015 Analysis of Impediments to Fair Housing Choice (A.I.) identified the following two impediments:

**Impediment No. 1: Lack of Access to Home Improvement Financing**

The inability to fund home rehabilitation was identified in the 2010-14 A.I. as an impediment to lower and moderate income households and Hispanic households. According to the 2010-14 A.I., the CDBG target areas are located in the northern and central portions of the City, where much of the City's older housing stock is located. These areas have a higher concentration of lower and moderate income persons and Hispanic persons than the rest of the City. These groups are more likely to be denied private home improvement loans.

**Recommendation:** Data suggests that the income and demographics of the CDBG target areas has not changed in a substantial way since 2010. Further, the housing stock continues to age and access to home improvement loans for low- and moderate-income homeowners remains a challenge. It is recommended that the City to continue to offer the Residential Rehabilitation Program to increase opportunities for low-and moderate-income households to improve their homes. The City should also continue to implement a robust community outreach effort to ensure that available HOME and CDBG resources are deployed quickly to maintain decent housing. As noted in the 2013-21 Housing Element, the City's objective is to assist 120 households during the planning period, with an average of 15 households annually.

**2015-2016 Status:** In Progress. 18 Corona homeowners were assisted with housing rehabilitation financial assistance during the 2015-2016 program year.

## **Impediment No. 2: Limited Access to Home Purchase Loans**

Black and Hispanic households have limited access to conventional home purchase loans due to disproportionate denial rates compared to households of other racial groups. According to the 2010-14 A.I., Hispanic households comprised 40 percent of the City's population, but they only represented 21 percent (827 out of 3,981) of conventional home purchase loan applicants in 2008 and had the second highest denial rate (27 percent). Black applicants, which represented 3 percent of applicants (111 out of 3,981) had the same denial rate at Hispanic households. American Indians had the highest denial rate (50 percent), however only 4 out of 3,981 applicants were American Indian thus this is not statistically significant. The denial rate for conventional home purchase loan applications in 2008 was nearly twice as high for Hispanic and Black households compared to White and Asian and Pacific Islander households, which had denial rates of 16 percent and 15 percent, respectively.

According to the 2007-11 American Community Survey (ACS), the Hispanic population grew slightly, comprising 42.8 percent of the City's population. However, the number of Hispanics that applied for conventional home purchase loans decreased. Out of the 2,248 conventional home purchase loan applications in 2012, only 11.6 percent were Hispanics. While Hispanics still had one of the lowest approval rates amongst groups that applied for all home loans, their approval rate did improve. In 2012, only 11.5 percent of Hispanic applicants were denied of a conventional home purchase loan an improvement from the 27.0 percent denial rate in 2008 according to the Home Mortgage Disclosure Act (HMDA) data. African Americans represented 5.4 percent of the City's population, and only 1.5 percent applied for conventional home purchase loans. The denial rate of 23.5 percent is relatively similar what it was in 2008.

Differences in approval rates for home loan applications amongst both minority groups do not necessarily reflect discriminatory practices. Differences could be due to credit scores, employment history, knowledge of the lending process, debt-income ratio, or other factors.

Nonetheless, the dramatic drop in the number of conventional home purchase loan applications for Hispanics and African Americans could be subject to additional inquiry and examination.

**Recommendation:** It is recommended that the City work with its fair housing service provider to continue to monitor HMDA data to ensure that discrimination practices such as loan denial on the basis of race and ethnicity may be detected.

**2015-2016 Status:** The Community Development Department – Housing Services Division will consider reviewing 2013 and 2014 calendar year HMDA data prior to December 31, 2016. The 2013 and 2014 calendar year data is the most recent available as of this writing.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

To ensure that CDBG and HOME funds are used efficiently and in compliance with applicable regulations, the City provides technical assistance to all subrecipients at the beginning of each program year and monitors subrecipients throughout the program year.

### **Technical Assistance**

To enhance compliance with federal program regulations, the City provides an annual Notice of Funding Availability (NOFA) workshop to review the Plan goals, program requirements and available resources with potential applicants. Subsequent to the approval of the Annual Action Plan, a mandatory subrecipient workshop is held to review program regulations in detail, to provide useful forms and resources for documenting compliance and to review the City's compliance procedures and requirements. Additionally, individualized technical assistance is provided on an as-needed basis throughout a program year.

### **Activity Monitoring**

All activities are monitored, beginning with a detailed review upon receipt of an application to determine eligibility, conformance with a National Objective and conformance with a Plan goal. This review also examines the proposed use of funds, eligibility of the service area, eligibility of the intended beneficiaries and likelihood of compliance with other federal requirements such as the National Environmental Policy Act, the System for Award Management (SAM) debarment list, prevailing wage, Minority and Women Business Enterprise, Section 3 and federal acquisition and relocation regulations, as applicable.

Subrecipients are required to submit an audit and other documentation to establish their capacity, and any findings noted in the audit are reviewed with the applicant. Eligible applications are then considered for funding. Once funded, desk monitoring includes ongoing review of required quarterly performance reports. For CDBG public service activities, an on-site monitoring is conducted once every two (2) years, or more frequently as needed to ensure compliance. These reviews include both a fiscal and programmatic review of the subrecipient's activities. The reviews determine if the subrecipient is complying with the program regulations and City contract. Areas routinely reviewed include overall administration, financial systems, appropriateness of program expenditures, program delivery, client eligibility determination and documentation, reporting systems, and achievement toward achieving contractual goals. Following the monitoring visit, a written report is provided delineating the results of the review and any findings of non-compliance and the required corrective action. Subrecipients normally

have 30 days to provide the City with corrective actions taken to address any noted findings. Individualized technical assistance is provided, as noted above, as soon as compliance concerns are identified. For CDBG capital projects, monitoring also includes compliance with regulatory agreement requirements. For HOME funded activities, annual monitoring is undertaken to ensure that for renter occupied units, household income, rents and utility allowances are in compliance with applicable limits pursuant to the affordability covenant. For ownership units, annual monitoring of occupancy is conducted throughout the affordability period.

**Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

In accordance with the City's adopted Citizen Participation Plan, a public notice was published in the Sentinel Weekly News on September 2, 2016 notifying the public of the availability of the Consolidated Annual Performance and Evaluation Report for a 15-day public review and comment period. A copy of the public notices is included in Appendix A.

The draft CAPER was available on the City website and at the following locations:

**City Hall: Community Development Department**

400 S. Vicentia Avenue  
Corona, California 92882

**City Hall: City Clerk's Office**

400 S. Vicentia Avenue

A public hearing was conducted before the City Council on Wednesday, September 21, 2016 to solicit comments from residents and interested parties. A summary of any written or oral comments received during the public hearing is included in Appendix B.

## **CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

CDBG funds are making a significant impact on strategies to address the high priority needs. As shown in Figure 1 in section CR-05, CDBG funds are contributing to eight of the nine Strategic Plan goals. No applications were received in response to the 2015 Notice of Funding Availability to address the Strategic Plan goal for Affordable Housing Development.

### **Affordable Housing Preservation**

In the area of affordable housing, the Residential Rehabilitation Program provided 10 forgivable loans of approximately \$25,000 to low-income owners of single-family housing, or up to \$25,000 grants to owners of manufactured units. The Habitat for Humanity A Brush With Kindness program provided minor exterior home repairs for eight owner-occupied housing units.

### **Fair Housing Services**

The Fair Housing Council of Riverside provides the City with outreach, education and enforcement activities, including landlord-tenant matters. This activity served 1,468 residents.

### **Services for Low –and Moderate-Income Residents**

To support Services for Low-and Moderate-Income residents, the City provides funding for the General Educational Diploma Program provided classes for 100 adult students to help them pass their High School Equivalency Certificate issued by the State of California. The Bringing the Arts to Low Income Children Program provided 83 children ages 3-4 years to the theater arts drama program. The program teaches children to dance, sing, learn rhythm to music and help combat obesity by keeping them physically active while having fun.

### **Services for Residents with Special Needs**

To support Services for Residents with Special Needs the City provides funding to Corona-Norco United Way and Peppermint Ridge. The Family Support Services Program provides counseling services to 50 Corona residents who experienced domestic violence and/or child abuse in the home. The Hospital Support for the Ridgers Program provided advocacy and wellness support to 90 adults with a range of developmental and intellectual disabilities.

## **Homelessness Prevention Services**

To support Services for Homelessness Prevention Services the City provides funding to Community Connect and Inspire Life Skills Training. The Emergency Rental Assistance Program (ERA) provided emergency rental/mortgage assistance payments to 67 corona residents. The Inspiring Hope Program provided housing, living costs, training and academic and life skills support to 6 former foster and at-risk homeless youth as they attend college or vocational school.

## **Neighborhood Services**

To support Neighborhood Services the City provides funding to the Graffiti removal Program, Crime Prevention and Community Outreach/Engagement Program and the Code Compliance Program. 29,910 residents benefited from the Graffiti Removal Program. The Crime Prevention Program provided services such as drug avoidance, neighborhood and business watch safety, drug/ gang avoidance presentation at CNUSD, public safety promote stronger community involvement and relationships in the CDBG Target Areas. The Code Compliance Program provided services to 301 Housing Units in the CDBG Target Areas.

## **Public Facilities and Infrastructure**

To improve City public facilities and infrastructure to benefit low- and moderate income people or those presumed under HUD regulations to be low- and moderate-income such as elderly people and disabled adults, the City provided funding to improve sidewalks, driveway approaches, pedestrian curb ramps and cross gutters within residential neighborhoods located in the CDBG target Areas. The City also provided funding for the City Camera Project, this project will install cameras at six parks in the CDBG Target Areas.

## **Small Business Creation and Expansion**

To support Small Business Creation and Expansion the City provides funding to the Corona Business Assistance Program the activity provided assistance to 15 low-and moderate-income enterprise business owners or persons interested in forming microfunding options, marketing, management, human resources, accounting and financial management.

Should any challenges arise in the implementation of CDBG-funded activities, the City will proactively identify additional opportunities to invest CDBG funds to meet Strategic Plan goals.

## **CR-50 - HOME 91.520(d)**

### **Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

Maintaining HOME-assisted affordable housing is a high priority. During the program year, the City inspected the HOME-assisted property listed below to determine compliance with the housing codes and other applicable regulations. Where any deficiencies existed, the property owner and property management were notified to make repairs and City staff followed up to ensure completion.

- Mission Apartments – 12 units – passed

### **Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 92.351(b)**

The Mission Apartments follows an Affirmative Fair Housing Marketing Plan. During annual monitoring, the annual Affirmative Fair Housing Marketing Report and waitlist are reviewed to ensure compliance with HUD requirements to affirmatively further fair housing choice.

### **Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

According to the PR-09 report for the HOME program, \$151,512.15 of HOME program income was received during the 2014 and 2015 program years. These funds were drawn for expenses on the Residential Rehabilitation Program and for HOME administration.

### **Describe other actions taken to foster and maintain affordable housing. 91.220(k)**

In the implementation of the 2015-2016 Action Plan, the City invested HOME funds to preserve and maintain affordable housing through the Residential Rehabilitation Program.
