

HARWOOD COMMUNITY CONVERSATIONS

AT THE CORONA PUBLIC LIBRARY

Each of us has the power within to choose a path of possibility and hope. We can work together to change the negative conditions in our community that hold us back and we can create new ones that propel us forward. Community conversations provide a safe place where we can come together to talk about our aspirations, concerns and how we want Corona to move forward.

These sessions are positive-focused kitchen table-style talks where those who might not normally speak up are encouraged to do so. We all listen with open minds and find common ground, with no one dominating.

Join us for a Community Conversation to share your hopes for the City of Corona; we are here to listen!

These events are free and open to the public – no reservation required.
Each meeting is limited to 15 participants

Corona Public Library • 650 S. Main St. Corona, CA 92882
