Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The 2016-2017 Action Plan is the second of five annual plans implementing the 2015-2019 Consolidated Plan Strategic Plan goals for the investment of annual allocations of Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) funds from the U.S. Department of Housing and Urban Development (HUD). The Action Plan identifies available resources, annual goals, projects and activities for the period beginning July 1, 2016 and ending June 30, 2017.

The City receives CDBG and HOME funds from HUD on a formula basis each year, and in turn, awards grants and loans to nonprofit, for-profit or public organizations for programs and projects in furtherance of this Plan. The CDBG and HOME programs provide for a wide range of eligible activities for the benefit of low- and moderate-income Corona residents, as discussed below.

Community Development Block Grant (CDBG)

The Housing and Community Development Act of 1974 created the CDBG Program with three primary objectives against which HUD evaluates the Consolidated Plan and the City's performance. Those primary objectives are decent housing, suitable living environments, and expanded economic opportunities for low- and moderate-income persons. The CDBG regulations require that each activity meet one of the following national objectives:

- Benefit low- and moderate-income persons; or
- Aid in the prevention or elimination of slums and blight; or
- Meet other community development needs having a particular urgency (usually the result of a natural disaster).

HOME Investment Partnerships (HOME)

The Cranston-Gonzalez National Affordable Housing Act of 1990 created the HOME program to expand the supply of affordable housing for low- and moderate-income households. Often used in partnership with local nonprofit housing development organizations, the HOME program can support a wide range of affordable housing activities, including building, buying, and/or rehabilitating rental and ownership housing or providing direct rental assistance to low- and moderate-income people.

For the 2016-2017 program year, the City will receive \$1,133,716 of CDBG funds and \$296,986 of HOME funds. When combined with available prior year resources, the 2016-2017 Action Plan allocates \$1,294,813 of CDBG funds and \$296,986 of HOME funds to the following program activities to be implemented from July 1, 2016 to June 30, 2017:

2. Summary of the objectives and outcomes identified in the Plan

HUD's Community Planning and Development (CPD) Outcome Performance Measurement Framework classifies objectives in three categories: decent housing, a suitable living environment, and economic opportunity. The 2015-2019 Strategic Plan identified eight high priority needs to be addressed through the implementation of activities aligned with nine Strategic Plan goals.

The eight high priority needs for Corona include:

- Expand the supply of affordable housing
- Preserve the supply of affordable housing
- Ensure equal access to housing opportunities
- Provide public services for low-income residents

- Provide public services for residents with special needs
- Prevent and eliminate homelessness
- Improve neighborhoods, public facilities, and infrastructure
- Promote economic opportunity

The following nine goals are identified in the Strategic Plan:

- Affordable housing development
- Affordable housing preservation
- Fair housing services
- Services for low- and moderate-income residents
- Services for residents with special needs
- Homelessness prevention services
- Neighborhood services
- Public facilities and infrastructure improvements
- Small business creation and expansion

3. Evaluation of past performance

The City is currently implementing the projects and activities included in the 2015-2016 Action Plan. As of this writing, all projects and activities are on schedule for completion.

The investment of HUD resources during the 2010-2014 program years was a catalyst for positive change in the community. Together with other federal, state and local investments, HUD resources allowed the City and its partners to accomplish the following goals during the last Consolidated Plan period:

- Rehabilitate and preserve 96 ownership housing units
- Rehabilitate and preserve 40 rental housing units
- Expand affordable housing through new construction of 43 housing units
- Provide assistance to 36 first-time homebuyers
- Enhance low- and moderate-income neighborhoods by inspecting 3,300 housing units through code enforcement and through graffiti removal in the CDBG Target Areas where 23,566 people live
- Provide rental assistance to 141 households
- Provide fair housing services to 4,500 people
- Support Agencies and City-operated Programs that Provide Emergency Shelter for Homeless Persons / Families or Those At Risk of Becoming Homeless through the provision of 50 emergency shelter beds and housing placement services for 800 people
- Improve 18 Community and Public Facilities (including ADA)
- Improve existing infrastructure through 10 street and sidewalk improvement projects
- Expand economic opportunity through technical assistance to microenterprises, the creation of an entrepreneurial center of excellence for job training, creation and retention, and identification/remediation of potentially contaminated properties
- Provide supportive services for 1,000 youth and at-risk youth
- Provide supportive services to 4,200 elderly and frail elderly people
- Provide supportive services to 480 physically and/or mentally disabled people or people living with HIV/AIDS
- Provide supportive services for 346 people with other special needs, such as victims of domestic violence
- Provide supportive services for 3,017 people in need of healthcare / vaccinations

- Provide crime prevention outreach/engagement services to 23,566 residents of the CDBG Target Areas

While the City and local partners were able to successfully implement the activities listed above during the last five years, there were insufficient federal, state and local resources available to fully address the level of need identified in the last Consolidated Plan. The State of California's June 2011 passage of AB1X2, and subsequent court decisions and clarifying legislation, to eliminate Redevelopment Agencies—a substantial funding source for housing, community and economic development programs in California—significantly curtailed the City's ability to implement activities that benefit low- and moderate-income residents.

4. Summary of citizen participation process and consultation process

Subsequent to the enactment of the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009, HUD revised the Consolidated Plan regulations at 24 CFR Part 91 to emphasize the importance of citizen participation and consultation in the development of the Consolidated Plan. HUD strengthened the consultation process with requirements for consultation with the CoC, Public Housing Authorities (PHA), business leaders, civic leaders, and public or private agencies that address housing, health, social service, victim services, employment, or education needs of low-income individuals and families, homeless individuals and families, youth and/or other persons with special needs. Together with the analytic capabilities of the eCon Plan Suite, HUD's online Consolidated Plan template these requirements created the conditions necessary to implement a collaborative, data-driven and place-based planning process that includes a robust level of citizen participation and consultation.

The City adopted its current Citizen Participation Plan on November 20, 2013 that reflects regulatory changes and process improvements. In accordance with the City's adopted Citizen Participation Plan, the City facilitated citizen participation through surveys, community meetings and public hearings. Efforts were made to encourage participation by low- and moderate-income persons, particularly those living in slum and blighted areas and in areas where HUD funds are proposed to be used, and by residents of predominantly low- and moderate-income neighborhoods. The City also made efforts to encourage the participation of minorities and non-English speaking persons, as well as persons with disabilities. The consultation process included representatives of the CoC, PHA, and other specified groups who completed surveys, provided local data and assisted the City to ensure practical coordination of strategies to maximize impact and to avoid duplication of effort.

5. Summary of public comments

2016-2017 Action Plan

In the development of the Action Plan, the City solicited applications from City Departments for housing, community and economic development projects. Fair Housing services and the CDBG Public Service

Grant recipients were selected in 2015 for a three year period. The draft Action Plan was available for public review and comment from March 21, 2016 to April 20, 2016. The City Council convened a public hearing on April 20, 2016 to receive comments on the Action Plan. No written comments were received during the public review period and no oral testimony was provided during the public hearing.

Consolidated Plan

In the development of the Consolidated Plan, the City convened a community meeting to discuss the housing and community development needs in the community on December 15, 2014 at the Corona Public Library. A group of 15 community residents and stakeholders attended the meeting and received a presentation on the importance of the Consolidated Plan, Action Plan and the Analysis of Impediments to Fair Housing Choice. Many questions were answered concerning each of the planning documents and participants commented on the extensive efforts made to reach out to the low- and moderate-income community through traditional methods such as newspaper advertisements and flyers distributed to affordable housing sites, churches and other public places as well as new technology-based methods such as Twitter, Facebook, the City's InnerCircle email newsletter and the city website.

A public meeting/hearing before the Public Services Committee of the City Council to receive comments on the housing and community development needs in the community was held on March 11, 2015 in the City Council Board Room. Several residents and two community-based organizations, Peppermint Ridge and Inspire Life Skills Training, attended the meeting and provided feedback on how the City's three year CDBG Public Service Capacity Building Grants will be beneficial to low- and moderate-income residents.

A public hearing to receive comments on the draft 2015-2019 Consolidated Plan, the draft 2015-2016 Action Plan and the draft Analysis of Impediments to Fair Housing Choice was held before the City Council on April 15, 2015. The following comments were received during the public hearing prior to the adoption of the Consolidated Plan:

- Kimberly Taylor of Alliance for Family Wellness thanked the City Council for CDBG funds.
- Janelle Torres, a former client and current volunteer at Alliance for Family Wellness shared her perspective on Domestic Violence.
- Cyndi Monroe of Christian Arts and Theatre of Corona thanked the City Council for CDBG funds.
- Kristi Camplin of Inspire Life Skills Training, Inc. thanked the City Council for CDBG funds.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments and views received by the City in the development of the Action Plan were accepted and taken into consideration in the development of the Consolidated Plan.

7. Summary

The 2016-2017 Action Plan addresses seven of the nine Strategic Plan Goals from the 2015-2019 Consolidated Plan by allocating \$1,294,813 of CDBG funds and \$296,986 of HOME funds to projects and activities to be implemented from July 1, 2016 to June 30, 2017.

Narrative

The City of Corona Community Development Department is the lead agency responsible for the administration of the CDBG and HOME programs. The City contracted with LDM Associates, Inc. to prepare the 2015-2019 Consolidated Plan and the 2016-2017 Action Plan.

In the development of the Consolidated Plan, LDM Associates, Inc. developed and implemented a comprehensive citizen participation and consultation process and conducted a needs assessment and market analysis to identify levels of relative need regarding affordable housing, homelessness, special needs, and community development. This information was gathered through consultation with public officials and local agencies, public outreach and community meetings, review of demographic and economic data, and housing market analysis. In the development of the 2016-2017 Action Plan, the City provided each agency with an opportunity to comment on the draft Action Plan during the public review and comment period.

In the implementation of the 2015-2019 Consolidated Plan and each of the five Action Plans, the Community Development Department shall be responsible for all grants planning, management and monitoring duties necessary to comply with HUD regulations and City policy.

AP-10 Consultation - 91.100, 91.200(b), 91.215(I)

1. Introduction

The City of Corona consulted with representatives from multiple agencies, groups, and organizations involved in the development of affordable housing, creation of job opportunities for low- and moderate-income residents, and/or provision of services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, and homeless persons. To facilitate this consultation, the City solicited feedback through the following methods:

- Stakeholder surveys (web-based and paper-surveys)
- Individual stakeholder consultations
- Community meetings
- Public hearings
- Receipt of written comments

The input gathered from these consultation partners helped establish and inform the objectives and goals described in the current Strategic Plan. Specific comments received from consultation partners are included in the Attachments section of the 2015-2019 Consolidated Plan. In the development of the 2016-2017 Action Plan, the City provided each agency with an opportunity to comment on the draft Action Plan during the public review and comment period.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I)).

The City recognizes the importance of careful coordination and alignment among various service providers to maximize the effectiveness of their programs. As a result, during the development of the Consolidated Plan, the City consulted closely with organizations that provide assisted housing, health services and other community-focused agencies. Outreach efforts included surveys including specific questions associated with coordination, invitations to community meetings and follow-up in-person interviews where appropriate.

The City further recognizes the importance of continued coordination and alignment throughout the five year planning period with these organizations and agencies. The City will continue strengthening relationships and alignment among these organizations.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

Riverside County's homeless Continuum of Care (CoC) is comprised of a network of public, private, faith-based, for-profit, and non-profit service providers who utilize several federal, state and local resources to provide services for homeless people. The region's municipalities, including the City of Corona, also provide resources for services that assist the homeless and those at risk of becoming homeless. The non-profit and faith-based community plays a key role in the current CoC system. Hundreds of agencies throughout the County provide programs ranging from feeding the homeless on the street to creating permanent supportive housing opportunities. These services are available to homeless families with children, and single men and women. The non-profit and faith-based community also serves special needs populations, such as victims of domestic violence, veterans, the disabled and youth.

The CoC guides the development of homeless strategies and the implementation of programs to end homelessness throughout the region. The City provided a detailed questionnaire to the CoC to identify the CoC's perceived needs in the county and its objectives to address the needs of different homeless persons populations, specifically chronically homeless families and individuals, families with children, veterans, unaccompanied youth and persons at risk of homelessness. Following the delivery and response to this questionnaire, the City followed up with the CoC to clarify existing needs and objectives and understand opportunities for collaboration and coordination during the five year planning process.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

In the development of the 2015-2019 Consolidated Plan, the City of Corona consulted 31 housing, social service and other entities involved in housing, community and economic development in Corona and throughout the region to obtain valuable information on the priority needs in Corona and how CDBG, HOME and other resources should be invested to provide decent affordable housing, a suitable living environment and economic opportunities for low- and moderate-income residents. The Riverside County Continuum of Care (CoC) was consulted directly by telephone and email to discuss performance standards, outcomes, and policies and procedures for HMIS. The City of Corona was referred to the Ten Year Plan to End Homelessness and publicly available reports.

Table 3 provides a listing of the entities consulted as part of this planning process.

The City attempts to maintain a current and comprehensive list of agencies, organizations and other stakeholders and invited representatives from each entity to participate in the planning process at multiple points in the planning process. If an agency did not attend meetings or participate in surveys, it was done so by the agency’s choice.

If an agency or organization was not consulted and would like to be included in the City’s list of stakeholders, the agency or organization may contact the CDBG Consultant in the Community Development Department at (951) 817-5715.

AP-12 Citizen Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City established and followed a process for the development of the five-year Consolidated Plan that included broad participation from the community. To assist in the identification of priority needs in the City, the 2015-2019 Consolidated Plan Needs Assessment Survey was prepared and distributed to residents of the City to solicit resident input in the prioritization of needs related to community services, community facilities, infrastructure, neighborhood services, special needs services, businesses and jobs, and housing. The surveys were available online and also were made available at various public facilities.

A community meeting to discuss the housing and community development needs in the community was held on December 15, 2014. Two public hearings were held at different stages in the development of the Consolidated Plan. The first public hearing on March 11, 2015 focused on the housing, community and economic development needs in the community. The second hearing on April 15, 2015 was to receive comments on the draft 2015-2019 Consolidated Plan.

At each step in the process, the City was careful to ensure that low- and moderate-income residents, members of minority groups, agencies involved in the provision of services to these populations, and others who are directly impacted by the programs and activities supported by the Consolidated Plan programs had the opportunity to be actively involved.

In the preparation of the 2015-2019 Consolidated Plan, the City followed the process established for citizen participation set forth in the Citizen Participation Plan. To promote greater public accessibility to program documents, the Citizen Participation Plan, Consolidated Plan, Action Plans, CAPERs and the Analysis of Impediments to Fair Housing Choice are posted on the City website at: www.discovercorona.com/cdbg.

In the preparation of the 2016-2017 Action Plan, the City made the draft Action Plan available for public review and comment from March 21, 2016 to April 20, 2016. Residents were invited to review the draft Action Plan and to attend the public hearing or submit written comments concerning the projects and activities in the Action Plan.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The projects and activities included in the 2016-2017 Action Plan are based on resources that are reasonably anticipated to be available to the City from federal, state, local and private sources from July 1, 2016 through June 30, 2017. The actual resources available to support activities during the implementation of the remainder of the 2015-2019 Consolidated Plan may vary significantly due to factors outside of the City's control. For example, HUD formula grant allocations are subject to change each year based on a number of factors such as the amount of the national appropriation, changes in ACS population data applied to the CPD grant formulas, statutory changes to the CPD grant formulas, the addition or removal of entitlements receiving a particular CPD grant and the availability of reallocated funds. Additionally, state, local and private resources will vary significantly depending on economic conditions.

Table 6 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

To address housing and community development needs in Corona, the City will leverage its CDBG and HOME entitlement grants with a variety of funding resources in order to maximize the effectiveness of available funds. The City's former Redevelopment Agency was the primary non-federal source of leveraged funds. With the elimination of the City's Redevelopment Agency, the City's ability to leverage federal funds has been substantially reduced. The City and its development partners will continue to seek new opportunities to leverage federal funds, such as the Low Income Tax Credit program and U.S. Department of Housing and Urban Development Section 202 and 811 for the Elderly Program.

Federal Resources

- Continuum of Care (CoC) Program
- HUD Veterans Affairs supportive Housing (HUD-VASH)
- Supportive Housing for the Elderly (Section 202)
- Supportive Housing for Persons with Disabilities (Section 811)
- Housing Opportunities for Persons with AIDS (HOPWA)
- Youthbuild
- Federal Low-Income Housing Tax Credit Program

State Resources

- State Low-Income Housing Tax Credit Program
- Building Equity and Growth in Neighborhoods Program (BEGIN)
- CalHome Program
- Multifamily Housing Program (MHP)
- Housing Related Parks Grant
- CalHFA Single and Multi-Family Program
- Mental Health Service Act (MHSA) Funding

Local Resources

- Riverside County CoC
- Housing Authority of Riverside County (HARIVCO)
- Southern California Home Financing Authority (SCHFA)

Private Resources

- Federal Home Loan Bank Affordable Housing Program (AHP)
- Community Reinvestment Act Programs

- United Way Funding
- Private Contributions

Matching Requirements

HUD requires HOME Participating Jurisdictions (PJ's) to match 25 percent of their HOME annual allocation. In accordance with 24 CFR 92.222, PJs satisfying the distress criteria established by the HOME Program regulations are provided a match reduction. The match reductions are granted due to fiscal distress, severe fiscal distress, and Presidential disaster declarations. For those PJs with both fiscal distress and Presidential disaster match reductions, the PJ may take the higher match reduction for the current fiscal year. When a PJ meets one of the distress criteria, it is determined to be in fiscal distress and receives a 50 percent reduction of match. If a local jurisdiction satisfies both of the distress criteria, it is determined to be in severe fiscal distress and receives a 100 percent reduction of match.

The City of Corona does not receive a HOME match reduction and annually matches 25 percent of HOME funds expended for affordable housing. In the development of affordable housing, the City of Corona leverages HOME funds with other local and private non-federal resources. Any funds that are used in a HOME activity will be documented by the City and reported to HUD as part of the Consolidated Annual Performance and Evaluation Report (CAPER) each year.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

In December 2011, the elimination of local Redevelopment Agencies by the State of California resulted in the loss of a crucial resource for the development and preservation of affordable housing. This negatively impacted affordable housing and residential investment. While there are mechanisms whereby certain affordable housing assets tied to the former Redevelopment Agencies may be utilized today, the available resources for affordable housing are scarce.

Land or property necessary to address the needs identified in the Consolidated Plan would need to be acquired using HUD grant funds or other resources.

Discussion

Assuming continued level funding of the CDBG and HOME programs, the City expects to spend approximately \$6.9 million of CDBG and HOME funds on projects that enhance the availability, affordability and sustainability of affordable housing between July 2015 and June 2020. It is anticipated that approximately \$2.5 million of this will be spent on affordable housing development and preservation. Based on prior project experience, we anticipate that these funds will leverage other public and private funding, including but not limited to:

- Low-Income Housing Tax Credits
- Project-based Section 8 certificates
- Project financing at favorable interest rates from local lenders
- Private contributions to local CHDOs
- Private market real estate investments
- Market rate housing that subsidizes affordable units on the same development site

Assuming continued level funding of the CDBG program, the City expects to spend approximately \$2.2 million of CDBG funds on community development, public facilities, infrastructure and neighborhood services activities that promote a suitable living environment between July 2015 and June 2020. It is anticipated that approximately \$1.5 million of this will be spent on public facilities and infrastructure projects and that \$734,000 will be spent on neighborhood services. Anticipated projects include:

- Graffiti Removal
- Code Enforcement
- Public Facilities Improvements (including ADA)
- Infrastructure Improvements (streets, sidewalks, etc.)

Assuming continued level funding of the CDBG program, the City expects to spend approximately \$125,000 of CDBG funds on economic opportunity activities to support the development and expansion of local small businesses between July 2015 and June 2020 through a microenterprise technical assistance program known as Corona Business Assistance.

Projects

AP-35 Projects – 91.220(d)

To address the high priority needs identified in the Strategic Plan to the 2015-2019 Consolidated Plan, the City of Corona will invest CDBG and HOME funds in projects that preserve affordable housing, provide fair housing services, provide services to low- and moderate-income residents, provide services to residents with special needs, prevent homelessness, preserve neighborhoods, improve public facilities and infrastructure and facilitate the creation or expansion of small businesses. Together, these projects will address the housing, community and economic development needs of Corona residents- particularly those residents residing in the low- and moderate-income CDBG Target Areas.

Table 8 – Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

Based on the Strategic Plan, the City is allocating CDBG and HOME investments for program year 2016-2017 to projects and activities that benefit low- and moderate-income people. Due to the nature of the projects and activities to be undertaken, investments in projects concerning Neighborhood Services and Public Facilities and Infrastructure Improvements are limited to the CDBG Target Areas while other projects and activities benefit low- and moderate-income limited clientele or to create or expand small businesses are available citywide.

The primary obstacles to meeting the underserved needs of low- and moderate-income people include lack of funding from federal, state and other local sources, the high cost of housing that is not affordable to low-income people and the lack of availability of home improvement financing in the private lending industry. To address these obstacles, the City is investing CDBG and HOME funds through the 2016-2017 Action Plan in projects that provide loans to low- and moderate-income homeowners for home improvements, projects that provide public and neighborhood services to low- and moderate-income people and those with special needs, and projects that prevent homelessness.

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Assistance will be primarily directed to the CDBG Target Areas are shown on the map included in section SP-10 of the Consolidated Plan. The CDBG Target Areas are comprised of low- and moderate-income Census Tract Block Groups centered around the Grand Boulevard Circle and the Census Tract Block Groups along State Route 91 from Pomona Road to the west to the Interstate 15 interchange to the east. Residents of the CDBG Target Areas have median incomes substantially below the citywide median household income of 79,877. A total of 29,910 residents live in these Census Tract Block Groups, of which 20,575 or 68 percent are members of low- and moderate-income households according to HUD low- and moderate-income summary data available at the Census Tract Block Group level. Based on available data and mapping in NA-10 of the Consolidated Plan, the CDBG Target Areas are primarily Hispanic.

Table 10 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

For the 2016-2017 program year, the City will invest \$1,294,813 of CDBG funds and \$296,986 of HOME funds for a total of \$1,591,799 that will benefit low- and moderate-income people throughout the City. Of this amount, at least \$137,000 or 9 percent of all resources will be invested in projects that exclusively benefit the CDBG Target Areas. Due to the nature of the projects and activities to be undertaken, investments in projects and activities such as Neighborhood Services and Public Facilities and Infrastructure are limited to the CDBG Target Areas while other projects and activities benefit low- and moderate-income limited clientele and are available citywide.

Discussion

Based on the Strategic Plan, the City is allocating CDBG and HOME investments for program year 2016-2017 to projects and activities that benefit low- and moderate-income people.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

Two high priority affordable housing needs are identified in the 2015-2019 Consolidated Plan and two Strategic Plan goals are established to provide the framework necessary to invest CDBG and HOME funds to address the affordable housing needs of the City.

Expand the Supply of Affordable Housing

Based on evaluation of 2007-2011 ACS and CHAS data, there is a high need for housing units affordable for households earning less than 80 percent of AMI. Of the 12,300 households earning 0-80 percent of AMI in the City, 9,723 are cost burdened households—meaning households paying more than 30 percent of their income for housing. Additionally, 6,544 of the cost burdened households are considered severely cost burdened households—meaning that they pay more than 50 percent of their income for housing. Of the 6,544 severely cost burdened households, 3,339 are renters. Of those severely cost burdened renter households, 2,730 households earn less than 50 percent of AMI and are considered the most at risk of becoming homeless.

Preserve the Supply of Affordable Housing

As the City's housing stock ages, a growing percentage of housing units may need rehabilitation to allow them to remain safe and habitable. The situation is of particular concern for low- and moderate-income home owners who are generally not in a financial position to properly maintain their homes.

The age and condition of Corona's housing stock is an important indicator of potential rehabilitation needs. Commonly, housing over 30 years of age needs some form of major rehabilitation, such as roof replacement, foundation work and plumbing systems. Housing over 15 years of age will generally exhibit deficiencies in terms of paint, weatherization, heating / air-conditioning systems, hot water heaters and finish plumbing fixtures.

According to CHAS data showing the year that housing units were built categorized by owner and renter tenure:

- 7,827 or 26 percent of the 30,316 owner-occupied housing units in Corona were built 34 or more years ago (built prior to 1980).
- 16,620 or 55 percent of the 30,316 owner-occupied housing units in Corona were built between 15 and 34 years ago (built between 1980 and 1999).
- 4,049 or 31 percent of the 13,193 renter-occupied housing units in Corona were built 34 or more years ago (built prior to 1980).

- 7,541 or 57 percent of the 13,193 renter-occupied housing units in Corona were built between 15 and 34 years ago (built between 1980 and 1999).

Preservation of the physical and functional integrity of existing housing units occupied by low- and moderate-income households is a cost-effective way to invest limited resources to retain existing housing units that are already affordable to low- and moderate-income households in the community. Addressing substandard housing conditions through housing preservation activities provide that all economic segments of the community have the means to ensure that their property meets local standards and that all Corona residents have the opportunity to live in decent housing.

Discussion

The Strategic Plan identifies a high priority need to expand the supply of affordable housing and a high priority need to preserve the supply of affordable housing. During the 2016-2017 program year, the City of Corona will invest CDBG and HOME funds in the preservation of affordable housing units. Specifically, CDBG and HOME funds will be used to support affordable housing preservation projects including the City of Corona Residential Rehabilitation Program and the Habitat for Humanity of Riverside County A Brush With Kindness program. In future program years, the City will prioritize the investment of HOME and/or CDBG funds in support of projects that expand the supply of affordable housing.

AP-60 Public Housing – 91.220(h)

Introduction

The Corona Housing Authority does not administer Section 8 and does not own HUD Public Housing. Corona is within the service area of the Housing Authority of the County of Riverside (HACR) for the purposes of Section 8 and Public Housing. The data presented in the tables below is for HACR and the narrative responses address the needs for the entire county, with specific references to the City of Corona.

Actions planned during the next year to address the needs to public housing

There are no public housing developments or units planned for the City of Corona in the next year. HACR will continue to actively support and assist Corona residents with Housing Choice Vouchers.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

HACR maintains active resident councils at all public housing developments and includes resident members on its Board of Directors. HACR constantly seeks feedback from residents on improvements and planning documents to ensure activities are meeting the needs of residents.

HACR maintains a home ownership program for current public housing tenants through its Homeownership Program. HACR also links its Homeownership Program with its Family Self-Sufficiency Program to help households save money for a down payment through an escrow account.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Not applicable. HACR is designated as a High Performing PHA.

Discussion

HACR administers Section 8 to provide rental assistance to low-income families, senior citizens, and disabled individuals. In 2014, 327 Section 8 Housing Choice Vouchers were held by Corona households, of which 149 were elderly and 196 were disabled. As of this writing, there are 13,635 families on the waiting list for Housing Choice Voucher rental assistance in Riverside County. Of the families on the waiting list for the Housing Choice Voucher program, 629 families currently live in Corona, of which 84 are elderly, 160 are disabled, and 384 are disabled and elderly.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City will invest CDBG funds during the 2016-2017 program year to address high priority needs identified in the 2015-2019 Consolidated Plan including preventing homelessness and providing public services to special needs populations including victims of domestic violence and developmentally disabled adults.

Homelessness Prevention Services

According to the results of the most recent data available from the bi-annual Point-in-Time Homeless Count (PIT Count) held on January 28, 2015, on any given night in Riverside County, approximately 2,470 people are homeless. To address incidences of homelessness in Corona and to prevent extremely-low income Corona families from becoming homeless, the City places a high priority on programs that work to prevent homelessness or rapidly connect homeless individuals with housing and supportive services. To address this need, the City will support a continuum of services in Riverside County to prevent and eliminate homelessness including, but not limited to, homelessness prevention programs, emergency shelter programs and transitional housing. Using CDBG funds, the City will invest in homelessness prevention services through the Community Connect Emergency Rental Assistance Program that anticipates serving 100 unduplicated people and the Inspire Life Skills Training Inspiring Hope program that provides transitional housing for six emancipated foster youth per year.

Services for Residents with Special Needs

Analysis of available data and consultation with organizations providing services for special needs populations revealed a high need for a range of additional services including, but not limited to, those concerned with domestic violence and services for developmentally disabled adults. To address these needs, the City will support two activities that provide services to victims of domestic violence and developmentally disabled adults. The Corona-Norco United Way's Family Support Services Program will provide approximately 75 Corona residents with counseling and support services to help victims of domestic violence and child abuse. The Peppermint Ridge Hospital Support for the Ridgers program will provide supportive services to developmentally disabled adults who need assistance during hospital visits and outpatient medical treatments.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

To reach out to unsheltered homeless persons and assess their individual needs for the purpose of connecting them with available emergency shelter and transitional housing resources, the City of Corona Police Department created the Homeless Outreach and Psychological Evaluation (HOPE) Team in January 2015. The HOPE Team is comprised of two full-time Corona Police officers specially trained in

solving homeless-related problems and knowledgeable about local and regional resources. The HOPE Team's goal is to go beyond the traditional response to homelessness by identifying problems, root causes and linking individual homeless people with agencies for help and housing. Through this investment in outreach, assessment and connection to appropriate resources, the City will significantly reduce the number of homeless occupying areas not meant for human habitation such as parks, alleys, canyons, commercial and industrial areas.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Corona supports the efforts of the Riverside County Continuum of Care (CoC) and its member organizations that address homelessness. As described earlier, the City supports local nonprofit agencies who provide emergency rental assistance and housing counseling to low- and moderate-income residents to prevent homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

During the 2016-2017 program year, the City's HOPE Team will connect chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth with available resources through the Riverside County CoC, which is comprised of a network of public, private, faith-based, for-profit, and non-profit service providers who utilize several federal, state and local resources to provide services for homeless people. The goal is to help unsheltered homeless people make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units.

The non-profit and faith-based community plays a key role in the current CoC system. Hundreds of agencies throughout the County provide programs ranging from feeding the homeless on the street to creating permanent supportive housing opportunities. These services are available to homeless families with children, and single men and women. The non-profit and faith-based community also serves special needs populations, such as victims of domestic violence, veterans, the disabled and youth.

To prevent individuals and families who were recently homeless from becoming homeless again and to prevent individuals and families who are at risk of homelessness from becoming homeless, the City will provide CDBG funds to the Community Connect Emergency Rental Assistance Program that will provide one-time emergency assistance to help keep low- and moderate-income individuals and families housed in the event that circumstances beyond their control make it infeasible to stay current on their rent.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The Riverside County CoC Ten Year Plan to End Homelessness included a goal to establish countywide protocols and procedures to prevent people from being discharged from public and private institutions of care into homelessness that will help decrease the number of persons being discharged into homelessness by at least 10 percent annually. The CoC is seeking improve coordination among publicly and privately funded institutions of care and local service agencies in the County of Riverside in order to decrease the number of persons being discharged into homelessness annually.

Discussion

With limited CDBG and HOME resources available, the City is investing CDBG public service funds through the CDBG Public Service Capacity Building Grants made to Community Connect and Inspire Life Skills to prevent homelessness in Corona. Additionally, the City is investing over \$300,000 of general funds through the Police Department budget to provide two full-time dedicated HOPE Team officers that will connect unsheltered homeless individuals and families with emergency shelter, transitional housing and permanent housing opportunities, as well as other services to address special needs such as drug and alcohol rehabilitation and mental health services.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

A barrier to affordable housing is a public policy or nongovernmental condition that constrains the development or rehabilitation of affordable housing, such as land use controls, property taxes, state prevailing wage requirements, environmental protection, cost of land and availability of monetary resources. Barriers to affordable housing are distinguished from impediments to fair housing choice in the sense that barriers are lawful and impediments to fair housing choice are usually unlawful.

Based on information gathered during community meetings, the Consolidated Plan Needs Assessment Survey, the 2013-2021 Housing Element and market analysis, the primary barriers to affordable housing in Corona are housing affordability and the lack of monetary resources necessary to develop and sustain affordable housing. The two barriers are related in the sense that demand for affordable housing exceeds the supply and insufficient resources are available to increase the supply of affordable housing to meet demand.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

In the development of the 2013-2021 Housing Element, the City evaluated significant public policies affecting affordable housing development such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges and growth limitations. Based on this evaluation, the City determined that it has taken all necessary steps to ameliorate the negative effects of public policies that may have been a barrier to affordable housing. Moreover, the City is actively engaged with affordable housing developers concerning the siting of affordable housing and ensuring that the entitlement process runs smoothly from inception to completion.

Discussion:

To address housing affordability and the lack of monetary resources for affordable housing, the 2015-2019 Consolidated Plan - Strategic Plan calls for the investment of a significant portion of CDBG and HOME funds for the development of 60 new affordable rental housing units during the five year period of the Consolidated Plan and the rehabilitation and preservation of 100 existing affordable housing units during the planning period. Although the City no longer has access to Redevelopment Housing Set-Aside funds, the City will continue to leverage its CDBG and HOME funds to attract private and other available public resources, including land conveyed to the City for the purpose of affordable housing, to facilitate affordable housing development. This strategy will increase the supply of affordable housing and preserve existing affordable housing in the City.

AP-85 Other Actions – 91.220(k)

Introduction:

In the implementation of the 2016-2017 Action Plan, the City will invest CDBG and HOME resources to address obstacles to meeting underserved needs, foster and maintain affordable housing, reduce lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure and enhance coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

The primary obstacles to meeting the underserved needs of low- and moderate-income people include lack of funding from federal, state and other local sources, the high cost of housing that is not affordable to low-income people and the lack of availability of home improvement financing in the private lending industry. To address these obstacles, the City is investing CDBG and HOME funds through the 2016-2017 Action Plan in projects that provide loans to low- and moderate-income homeowners for home improvements, projects that provide public and neighborhood services to low- and moderate-income people and those with special needs, and projects that prevent homelessness. To address underserved needs, the City is allocating CDBG and HOME investments for program year 2016-2017 to projects and activities that benefit low- and moderate-income people.

Actions planned to foster and maintain affordable housing

In the implementation of the 2016-2017 Action Plan, the City will invest CDBG and HOME funds to preserve and maintain affordable housing through the City of Corona Residential Rehabilitation Program that will provide up to 14 forgivable loans of approximately \$25,000 to low- and moderate-income owners of single-family housing, or up to \$25,000 grants to low- and moderate-income owners of manufactured housing units. Additionally, the Habitat for Humanity A Brush With Kindness program will provide minor exterior home repairs for approximately seven owner-occupied single-family or manufactured housing units.

Actions planned to reduce lead-based paint hazards

The Residential Lead Based Paint Hazard Reduction Act of 1992 (Title X) emphasizes prevention of childhood lead poisoning through housing-based approaches. To reduce lead-based paint hazards, the City of Corona Residential Rehabilitation Program will conduct lead-based paint testing and risk assessments for each property assisted that was built prior to January 1, 1978 and will incorporate safe work practices or abatement into the scope of work as required to reduce lead-based paint hazards in accordance with 24 CFR Part 35.

Actions planned to reduce the number of poverty-level families

The implementation of CDBG and HOME activities meeting the goals established in the 2015-2019

Consolidated Plan - Strategic Plan and this Action Plan will help to reduce the number of poverty-level families by:

- Supporting activities that expand the supply of housing that is affordable to low- and moderate-income households;
- Supporting activities that preserve the supply of decent housing that is affordable to low- and moderate-income households;
- Supporting a continuum of housing and public service programs to prevent and eliminate homelessness;
- Supporting housing preservation programs that assure low income households have a safe, decent and appropriate place to live;
- Supporting public services for low- and moderate-income residents including those with special needs and those at-risk of homelessness offered by nonprofit organizations receiving CDBG Public Service Capacity Building Grants; and
- Promoting economic opportunity for low- and moderate-income residents who own microenterprise businesses (five or fewer employees) or who are starting a new microenterprise business.

In addition to these local efforts, mainstream state and federal resources also contribute to reducing the number of individuals and families in poverty. Federal programs such as the Earned Income Tax Credit and Head Start provide pathways out of poverty for families who are ready to pursue employment and educational opportunities. Additionally in California, the primary programs that assist families in poverty are CalWORKS, CalFresh (formerly food stamps) and Medi-Cal. Together, these programs provide individuals and families with employment assistance, subsidy for food, medical care, childcare and cash payments to meet basic needs such as housing, nutrition and transportation. Other services are available to assist persons suffering from substance abuse, domestic violence and mental illness.

Actions planned to develop institutional structure

The institutional delivery system in Corona is high-functioning and collaborative—particularly the relationship between local government and the nonprofit sector comprised of a network of capable non-profit organizations that are delivering a full range of services to residents. Strong City departments anchor the administration of HUD grant programs and the housing, community and economic development activities that are implemented by the City. support and enhance this existing institutional structure, the City of Corona will collaborate with affordable housing developers and nonprofit agencies receiving CDBG and HOME funds through the 2016-2017 Action Plan to ensure that the needs of low- and moderate-income residents are met as envisioned within the 2015-2019 Consolidated Plan - Strategic Plan.

Actions planned to enhance coordination between public and private housing and social service agencies

To enhance coordination between public and private housing and social service agencies, the City will continue consulting with and inviting the participation of a wide variety of agencies and organizations involved in the delivery of housing and supportive services to low- and moderate-income residents in Corona—particularly the CDBG Target Areas.

Discussion:

In the implementation of the 2016-2017 Action Plan, the City will invest CDBG and HOME resources to address obstacles to meeting underserved needs, foster and maintain affordable housing, reduce lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure and enhance coordination between public and private housing and social service agencies.

One of the key ways the City is developing institutional structure to meet underserved needs is the CDBG Public Service Capacity Building Grants program. Instead of having social service agencies apply for CDBG public service funds each year, the City implemented a groundbreaking program in 2012 whereby nonprofits and City Departments compete for the opportunity to secure a three-year CDBG Public Service Capacity Building Grant of \$20,000 - \$25,000 per year on the condition that the activity helps the City meet an unmet Strategic Plan goal, the agency invests in their capacity to provide the service during the term of the grant and for a period of five years subsequent to the grant. The inaugural class of CDBG Public Service Capacity Building Grant recipients completed their third year in the program on June 30, 2015 and on July 1, 2015, a new group of six programs began offering services to low- and moderate-income residents, residents with special needs and individuals and families at risk of homelessness.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City will not use any other forms of investment beyond those identified in Section 92.205. The Residential Rehabilitation Program offers zero percent interest forgivable loans or grants for the rehabilitation of owner-occupied single-family and manufactured housing units.

Any HOME program income received during the 2016-2017 program year from prior investments in affordable housing will be allocated to the Residential Rehabilitation Program pursuant to minute action approval of the Action Plan on April 20, 2016.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

During the 2016-2017 program year, the City of Corona will not implement any HOME-assisted homebuyer activities. In prior years when implementing homebuyer assistance activities, the City incorporated a recapture requirement into written agreements and long-term affordability covenants as required by 24 CFR 92.254.

The recapture provision ensures that all or a portion of the City's HOME assistance to homebuyers or home owners is recaptured if the housing does not continue to be the principal residence of the family for the duration of the applicable period of affordability. In establishing this provision, the City is subject to the limitation that when the recapture requirement is triggered by a sale (voluntary or involuntary) of the housing unit, and there are no net proceeds or the net proceeds are insufficient to repay the HOME investment due, the City can only recapture a portion of the net proceeds, if any. The net proceeds are the sales price minus superior loan repayment (other than HOME funds), capital improvements, and any closing costs.

Under the City's former HOME-assisted HOAP Now II program, during the first seven years of the loan, if the home owner is no longer living in the home, or it is refinanced or sold, the City will recapture the amount of assistance plus a share in the equity of the home, if any. With respect to the equity share, during years 0-2, the reduction in the City's equity share is zero percent. During years 3-4, the reduction is 33 percent. During years 5-7, the reduction is 66 percent. After year 8, the reduction is 100 percent. In the event the first mortgage is insured by the Federal Housing Administration ("FHA"), the reduction in the City's equity share is as follows: zero percent during years 0-1, 50 percent during years 2-4, 66 percent during years 5-7 and 100 percent after year 8.

In the event of a mortgage default, the City has the right of first refusal before foreclosure and may use additional HOME funds to acquire the housing in order to preserve the housing's affordability.

However, notwithstanding a foreclosure situation, the City intends to recapture all or some of its HOME funds invested during or at the end of the established affordability period, if practicable. Recaptured HOME funds consist of loan payments (including interest) and/or a loan payoff, upon sale if the assisted owner is no longer residing in the assisted residence or for any other breaches of the agreement with the City. Recaptured funds may be used for any HOME eligible activity.

These recaptured funds are identified in the City's accounting system by a unique recaptured revenue object number. Any recaptured funds will be used by the City before any additional HOME funds.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

See above.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City does not intend to use HOME funds under the 2016-2017 Action Plan to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.

Discussion:

In the implementation of programs and activities under the 2016-2017 Action Plan, the City of Corona will follow all HUD regulations concerning the use of program income, forms of investment, overall low- and moderate-income benefit for the CDBG program and recapture requirements for the HOME program.

A complete copy of the NOFA and Application is available online at: <http://www.discovercorona.com/City-Departments/Administrative-Services/Community-Development-Block-Grants.aspx> and must be submitted on or before January 30, 2015 at 5:00 P.M. to:

City of Corona Administrative Services Department
Attn: Clint Whited, CDBG Consultant
400 S. Vicentia Avenue, Suite 310
Corona, CA 92882

City of Corona CDBG Public Service Capacity Building Grants will provide funds for eligible programs that make a commitment in their application to use grant funds to invest in agency capacity to provide public services to Corona residents during the term of the grant and beyond. Pursuant to this NOFA, public service providers may compete for an initial one-year capacity-building grant that may be renewed for up to two additional years provided that the applicant meets its contracted program goals, invests funds to increase capacity and complies with the CDBG regulations and documentation standards during the 2015-2016 program year. Subsequent to the initial three-year funding cycle, covering the period of July 1, 2015 through June 30, 2018, public service providers will not be eligible to apply for future CDBG funds unless the application is for a new service, new program or constitutes a quantifiable increase above and beyond the level of service already provided (inclusive of 2015 CDBG).

Subsequent to the application deadline, the City will review all applications for eligibility. The following public services listed in the CDBG Regulations at 24 CFR 570.201(e) are eligible for CDBG Public Service Capacity Building Grants: employment, crime prevention, child care, health, drug abuse, education, general welfare (excluding income payments) and recreational needs. Further, to be eligible for CDBG assistance, a public service must be either a new service or a quantifiable increase in the level of an existing service currently provided by, or on behalf of, the City of Corona.

Applicants submitting ineligible applications will receive written notification that the application is ineligible and shall have five (5) calendar days to submit a written appeal of such determination to the City of Corona Administrative Services Department, Attention: CDBG Consultant. Upon review of an appeal, the decision of the Assistant City Manager-Administrative Services shall be final.

Applications determined to be eligible and that serve low- and moderate-income people in accordance with the National Objective found at 24 CFR 570.208(a) will advance to the competitive reading and scoring phase. The scoring criteria include: 1) Applicant's plan to invest CDBG funds to build sufficient capacity to provide service during the term of the grant and beyond the grant; 2) Demonstration of a clearly-identifiable need in the community for the service that is not currently being met; 3) Level of services to be provided to Corona residents and a commitment to continue reporting program accomplishments to the City for a period of not less than five (5) years subsequent to the conclusion of the grant.

Subsequent to competitive reading and scoring, program staff will make funding recommendations to the City Council. The City anticipates awarding between four (4) and six (6) grants with first-year funding levels of \$20,000-\$25,000 per grant. Funding recommendations will include the top-scoring applications. Grant amounts may vary in 2016 and 2017 based on the amount of CDBG funds received from the U.S. Department of Housing and Urban Development in those years.

For information on those programs funded as part of the 2012, 2013 and 2014 Action Plans during the previous NOFA, and to download a copy of this NOFA and Application, visit the Corona CDBG Program website at: <http://www.discovercorona.com/City-Departments/Administrative-Services/Community-Development-Block-Grants.aspx>

Applications for Fair Housing/Landlord-Tenant Services, housing programs, economic development programs and capital improvement projects will not be accepted as part of this NOFA.

An application workshop for interested applicants will be held on January 8, 2015 at 10:00 A.M. at Corona City Hall - Second Floor Information Technology Training Room, 400 S. Vicentia Avenue, Corona, CA 92882. Questions pertaining to the application process and the application will be answered at this meeting.

to move on the appraisal worksheet or if you have any questions, please contact Clint White, CDBG Consultant at (951) 817-5715 or by e-mail at Clint.White@ci.corona.ca.us.

HOME Program 95 Percent Homeownership Value Limit Analysis per 24 CFR 92.254

Prepared March 31, 2016

According to the HOME Investment Partnerships (HOME) program regulations, HOME-assisted ownership housing must be modest housing with a maximum purchase price (for homeownership programs) or after-rehabilitation property value (for rehabilitation programs) that does not exceed 95 percent of the median purchase price for the area as published by HUD or as determined by the Participating Jurisdiction (City) in accordance with 24 CFR 92.254(a)(2)(iii).

The current HUD-published value for existing 1-unit homes in Riverside County is \$271,000. This value is substantially lower than the median existing single family residential purchase price in Corona, and serves as a potential barrier to Residential Rehabilitation Program participation.

In accordance with the procedures delineated at 24 CFR 92.254(a)(2)(iii), an analysis was performed to establish a local 95 percent of the median area purchase price limit for existing single family residences in Corona.

Based on data derived from the National Data Collective covering a 6 month period between September 16, 2015 and March 16, 2016, the following 95 percent of median purchase price limit was determined:

Housing Type	Number of Sales	Median Price	95% of Median Price
Single Family	985	\$455,000	\$432,250

This 95 percent of the median purchase price value will allow the City to use HOME funds to rehabilitate low-income owner-occupied single family dwelling units in a manner consistent with HOME program requirements. For all other housing types, the City will use the current effective values published by HUD. This analysis is submitted as part of the 2016-2017 Annual Action Plan in accord with 24 CFR 92.254(a)(2)(iii).

Anti-Lobbying -- To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2016 , 2017 , 2018 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

Excessive Force -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its

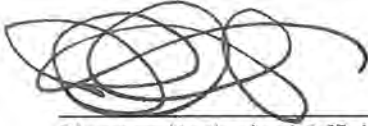

jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;
