CORONA IMPROVES ONLINE RECREATION REGISTRATION WITH CIVICREC

CORONA, CA– The City of Corona has partnered with CivicRec to implement its recreation management software solution. The cloud-based recreation platform will allow residents greater access to recreation activities, classes, and services offered by the Library and Recreation Services Department.

“We are excited to usher in a new era of program accessibility, ease of use, and services for our residents. CivicRec will make finding information and registering for activities easier than ever before,” said Library and Recreation Services Director, David Montgomery-Scott.

CivicRec offers intuitive navigation and is easy to use. It is also mobile-friendly, allowing citizens to search for activities, register for programs, and remit payment from a traditional desktop as well as the latest smartphones and tablets.

“We continually invest in our products, such as CivicRec, to strengthen and transform the way local government works and communicates with citizens. We are proud to partner with the City of Corona to help them accomplish their goals,” said Mark Friesen, Marketing Director at CivicRec’s parent company, CivicPlus.

The City of Corona’s CivicRec interface will go live on March 1, 2020. Residents are encouraged to create an account early. They can do so by visiting www.CoronaCA.gov/Registration.

For more information, please contact the Library and Recreation Services Department at 951-736-2241 or RecSvcs@CoronaCA.gov.

About the City of Corona: Corona is located adjacent to Orange County California at the junction of the 91 and 15 freeways with a population of more than 160,000 residents. For more information regarding the City of Corona visit www.CoronaCA.gov.
