

COMMUNITY DEVELOPMENT DEPARTMENT
Building Division
400 S. Vicentia Avenue, Corona, California 92882

Declarations Prior to Permit Issuance

DIRECTIONS: Please read, verify, and initial each statement and answer each question below.

1. Will the applicant or future building occupant handle a hazardous material or a mixture containing a hazardous material equal to or greater than the amounts specified on the list of extremely hazardous substances?
YES NO

2. Will the proposed building or modified facilities be within 100 feet of the outer boundary of a school?
YES NO

3. Will the intended use of the building by the applicant or future building occupant require a permit for construction or modification from the South Coast Air Quality Management District (SCAQMD)? See permitting checklist for guidelines. YES NO

4. ___ I have read the Hazardous Materials Information Guide and the SCAQMD permitting checklist. I understand my requirements under California Health and Safety Code section 65850 and the requirements of the Corona Fire Department regarding hazardous materials.

5. ___ I understand that all work must be inspected and approved by the City before placing concrete or concealing framing, electrical, plumbing, or mechanical work. A Final inspection and Certificate of Occupancy must be obtained prior to occupancy and clearance for Utility Releases to be sent to the utility authority.

6. ___ I understand that this permit will expire if work is not started within 12 months from the date of issuance, or if work is abandoned or suspended for more than 180 days.

7. ___ I understand that approval of a permit and compliance with the California Building Standards Code does not mean that I have achieved compliance with the Americans with Disabilities Act and that Americans with Disabilities Act free educational materials are available at www.cdda.ca.gov

9. ___ I affirm that if this is project includes additions, alterations, or structural repairs to a commercial property, I have received and read the informational notice on Disabled Access Requirements and Resources available at the public counter and on the Building Division website at www.CoronaCA.gov

10. ___ I affirm that a permit from the Division of Occupational Safety and Health pursuant to Chapter 6 of the Labor Code is not required for this project or that I have provided proof to the City that I have received such permit.

11. ___ I affirm as the permit holder that all work authorized by the permit will be performed only by qualified persons who have the skills and knowledge, and received safety training, to identify and avoid all inherent hazards. I understand that holding a license does not make one a qualified person. I affirm that all work will follow industry best practices and due standard of care.

12. ___ I understand that the EPA (Environmental Protection Agency) requires projects that involve the renovation, repair, or painting of a pre-1978 residence, childcare facility, or school be performed only by EPA certified renovators and follow lead-safe work practices. I affirm that the project does not involve paint disturbance of a residence, childcare facility, or school constructed prior to 1978; or that I have provided documentation that the firm performing the work is an EPA Lead-Safe Certified Renovator.

13. ___ I understand that issuance of a Building Permit does not guarantee approvals of any aspect of the project in whole or in part by other regulatory authorities. I affirm that the project has been coordinated by the applicant with the appropriate regulatory agencies and utility authorities and that the project will conform to their requirements.

I, the undersigned, hereby declare that I have read and understand the above information and truthfully answered or acknowledged each section.

Signature of contractor or Owner/Builder: _____ Date: _____
