FORM B : Cannabis Experience (revised)

Staff Use Only		
Filing Date:	Counter Planner Initials:	Case Number:

Attach to this form the applicant’s and any of the owners’, officers’ or managers’ commercial cannabis experience during the last 5 years. Only list experience as a cannabis business owner, manager, lender, employee, volunteer, or agent.

Resolution 2021-022 requires the following minimum information be included, when applicable:

- 1. The location of identified commercial cannabis activities.***
- 2. A copy of permits, licenses, or other written forms of permission by a local or state government entity for identified commercial cannabis activities.***
- 3. A list of the license types and license numbers that the applicant holds, which are issued from the State of California and all other out-of-state or local licensing authorities. Include the date each license was issued and the licensing authority that issued the license, permit, or other authorization.***

* Note: The minimum information required, as described in 1, 2 and 3 above, was not specifically identified on Application Form B, released April 1, 2021, although the requirement to submit this information was stated in the City’s “Rules and Regulations for Permitting Commercial Cannabis Businesses” (City Council Resolutions 2020-126, 2021-015, & 2021-022).

Because this information was not clarified on the prior Form B, any commercial cannabis permit application packet submitted without the required items listed, as described in 1, 2 and 3 above, may be accepted by City staff at the front counter. However, the City will deem the application as containing a “minor omission” pursuant to Section IV.B.2.b of Resolution 2021-022, and applicants will need to provide the required information within 5 days of the City’s notification to cure the omission.

Attach to this Form a summary of commercial cannabis experience and required information.

Check this box if applicant **does not** have prior commercial cannabis experience
