TO: CLERK OF THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE

FROM: CITY OF CORONA
 UTILITIES DEPARTMENT
 755 PUBLIC SAFETY WAY
 CORONA, CA 92880

1. Project title: WRF-2 Secondary Clarifiers Rehabilitation
2. Project location (specific): The Water Reclamation Facility (WRF) 2 project site location is on City property located at 650 E Harrison St, Corona, California, 92879
3.
 - a. Project location - *City of Corona (Citywide)*
 - b. Project location - *County of Riverside*
4. Description of nature, purpose and beneficiaries of project: The WRF 2 Secondary Clarifiers Rehabilitation Project focuses on upgrading the essential components of the water reclamation process at Water Reclamation Facility No. 2. The project involves the removal, upgrade, and replacement of aging scum skimmers on both 55'0" diameter secondary clarifiers. These clarifiers play a crucial role in maintaining water quality and meeting environmental protection standards by effectively removing surface scum from the wastewater. The project directly benefits the operational staff by reducing maintenance challenges and enhances the service quality for the residents of the City of Corona, who rely on the facility for consistent and effective wastewater treatment.
6. Name of Person or Agency undertaking the project, including any person undertaking an activity that receives financial assistance from the Public Agency as part of the activity or the person receiving a lease, permit, license, certificate, or other entitlement of use from the Public Agency as part of the activity: *This is a public improvements project under the supervision of Tom Moody, Director of Utilities with the City of Corona, Utilities Department*
