

In accordance with the provisions of AB 987, passed by the California State Legislature, a worksheet describing newly constructed and substantially rehabilitated housing units that were developed or otherwise assisted with Low and Moderate Income Housing Funds (LMIHF), including units counted toward the Agency's inclusionary and replacement housing obligations, is posted below for public review. Please be aware this is only a summary of affordable housing units assisted with LMIHF and is not a listing of currently available housing. Pursuant to AB 987, this database is updated annually.
