

# Project Completion Summary

**Project Title:** 2016 Street Pavement Maintenance & Rehabilitation – Project No. 2016-10

**Location:** The 2016 Street Pavement Maintenance & Rehabilitation Project includes rehabilitation of major and local residential streets in the East McKinley and South Corona communities.

**Description:** The 2016 Street Pavement Maintenance & Rehabilitation Project consisted of pavement rehabilitation and slurry seal along streets in the northeast and southwest portions of the City for 36 lane-miles. The use of slurry seal will prolong the life of the existing pavement and restore the texture of its surface for smooth driving conditions.

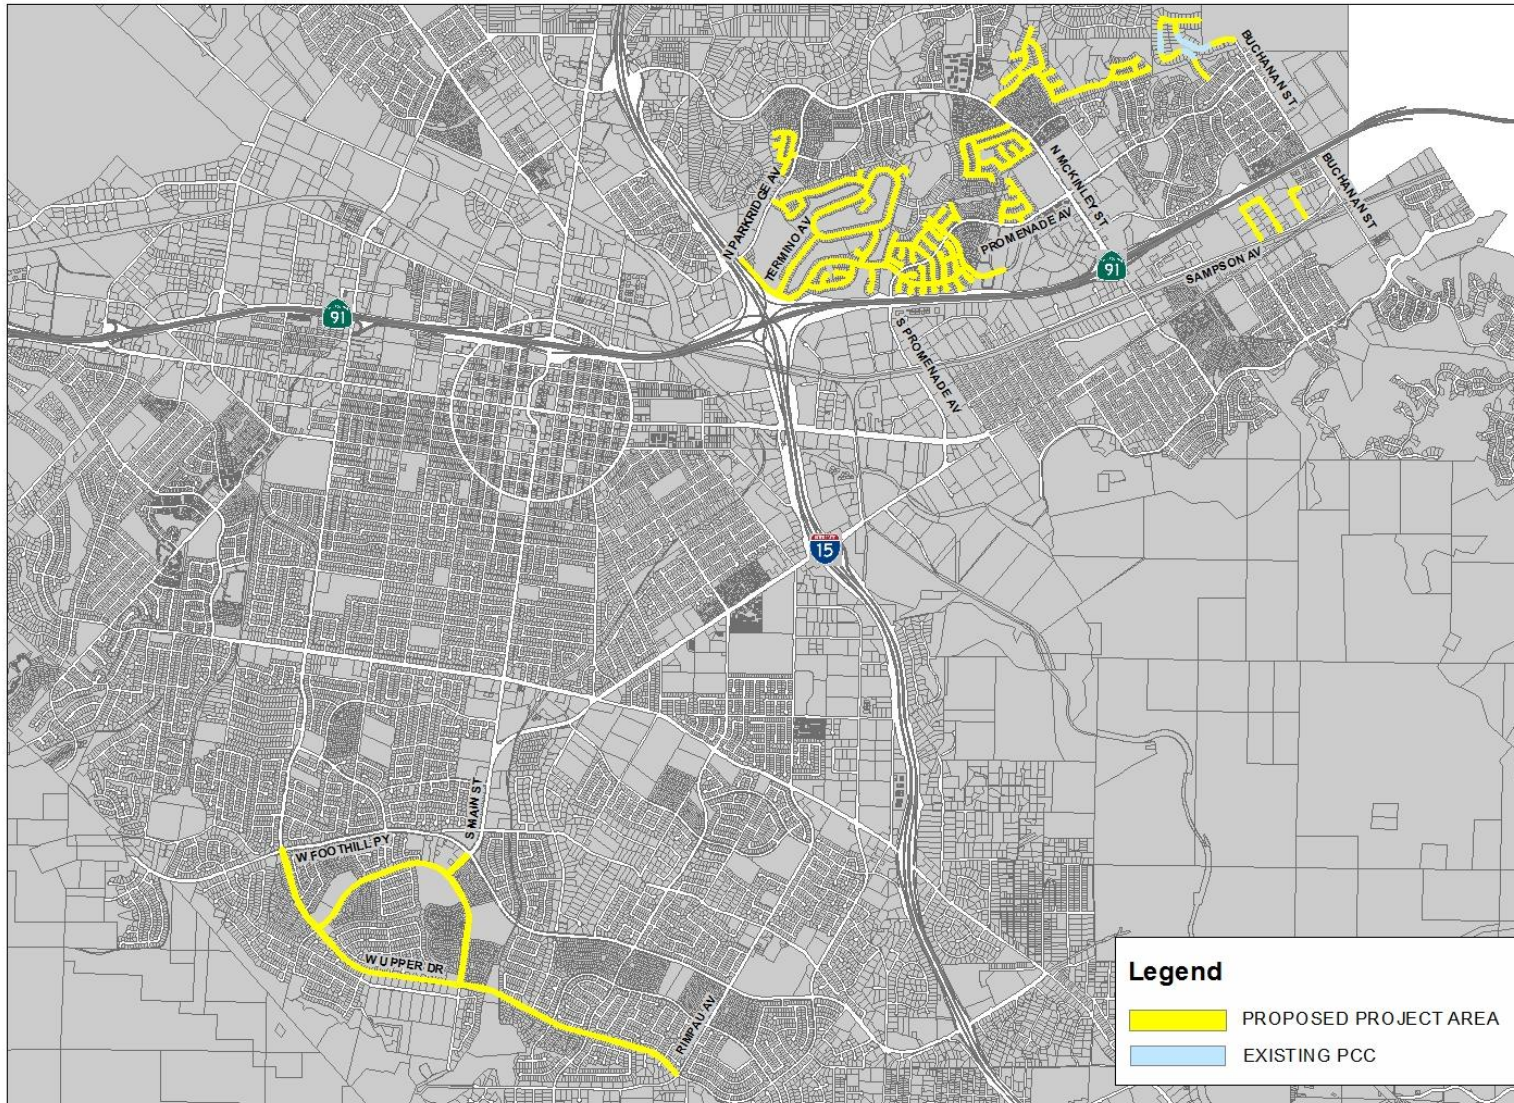

**Schedule:** Construction started in September 2016 and was completed in December 2016.

**Project Cost:** \$1,792,099.93

**Funding:** Gas Tax, Measure “A” and General Fund
